

VerdeGrow Smart Indoor Garden Kit

Product Name: VerdeGrow Smart Indoor Garden Kit

Category: Home & Garden, Smart Home, Kitchen Gadgets

Price: \$99.50

Description: Grow fresh herbs, salads, or flowers year-round with the VerdeGrow Smart Indoor Garden Kit. This countertop garden uses energy-efficient LED grow lights and a hydroponic system to help your plants thrive, no soil required! The automated system provides the perfect amount of light and water, making gardening effortless. Grow up to 6 plants at once. Includes a starter kit with herb seed pods (e.g., Basil, Mint, Parsley). Simple setup and low maintenance.

Features:

- Hydroponic growing system (soil-free)
- Energy-efficient full-spectrum LED grow lights
- Automated lighting and watering cycles
- Grow up to 6 plants simultaneously
- Easy-to-use control panel
- Includes starter seed pod kit (herbs)
- Compact countertop design
- Low water level indicator
